

REBATE – U21 CATEGORY

In recent years, Curling Quebec has placed a high priority on the recruitment and the development of U21 (*under 21*) athletes. It is with this objective in mind that started with the 2019-2020 season, a new rebate project that rewards the efforts of clubs who are leading the pack in this endeavour, while encouraging others to move toward the same goal.

For each registered U21 member at a club, Curling Quebec will deposit \$1 into a designated special fund. The total amount of the special fund will be divided into two prizes of equal value (eg. \$1,000 in the fund = 2x \$500 prizes), and awarded to the winning clubs to support the development of their junior programs. Please note that participating clubs may win only one prize per season. If necessary, a second draw will follow.

Each declared and affiliated U21 member represents a ticket.

Additional information :

Eligibility for the prize draw is reserved exclusively for fully affiliated clubs respecting the following deadlines:

- Submission of a complete club member roster by December 1, 2023;
- Payment in full of all affiliation dues (club and regular curler) by December 15, 2023.
