Subject: Renewal of your affiliation to Curling Québec - 2022-23 Season

Ms. & Mr. President,

Hoping that the impacts of the pandemic are behind us and that we can look forward to a normal curling season in 2022-23. This letter is to advise you that the Curling Quebec Board of Directors has decided to return to the regular affiliation fees (without increase) for the 2022-23 season.

The "Club" affiliation fees will remain unchanged at "\$400/club" and the "Regular-Participants" affiliation fees will remain at "\$21.74/adult and \$11.74/junior". In order to facilitate the payment of affiliation fees to the Federation, clubs now only have to make a single payment before December 15th.

Let us remind you that the Quebec Curling Federation has the mandate to ensure the management, development and promotion of curling on the Quebec territory and that these affiliation fees correspond, year after year, to almost half of our operating budget. These fees are an important source of revenue that allows us to ensure the proper functioning of the federation and to maintain and diversify our programs and services.

For more details on the affiliation process (schedule and fees), as well as on the programs and services offered by your federation, please consult the attached documents. Finally, please do not hesitate to contact our staff if you need any clarification.

Sincerely,

André Bellavance
President
