2 Person
Stick Curling

“Our History”

Stick curling originated in Alberta in 1998. The first Canadian two-person stick curling championship was held in 2005. Today two-person stick curling is one of the fastest growing segments of curling in Canada.

The Canadian Stick Curling Association represents the interests of stick curlers from across Canada, provides resources to interested stick curlers and organizes an annual national championship.

We are here to help you with all things stick curling related!

What are the Benefits?

- Stick curling provides challenge and excitement for curlers of all ages
- Great for new curlers or curlers transitioning from the traditional game
- The one hour stick game fits today's busy lifestyle
- Appropriate for curlers with physical limitations and disabilities
- Less sweeping – More focus on shot accuracy

What are the Differences?

In comparison to Traditional Curling

- Two player teams.
- Six end games - six rocks per end.
- Each player stays at one end for the entire game.
- Each player skips half the game.
- Sweeping and brushing is not allowed between hog lines.
- Players are not allowed to cross centre ice except when a timeout is called.
- Cannot remove any rock until three rocks have been thrown.
